I confirm that I have completed module 1 for the Acute Stroke Action Program accredited CPD activity.

Signed: _____ Date: _____

Learning outcomes

At the conclusion of the full educational program, participants will be able to:

- › Describe the serious burden of stroke in Australia and the challenges that need to be overcome to reduce this burden
- › Proactively identify patients at increased risk of stroke within their practice
- › Implement guideline-based management approaches to reduce risk of stroke in both patients at risk for stroke and in those who have had a prior stroke
- › Triage patients with acute stroke to help ensure optimal outcomes
- › Develop practical strategies within their practice to ensure F.A.S.T. awareness

Activity no. 234068
